REPORT

FIELD STUDY TO TAMAGAWA UNIVERSITY IN JAPAN

A. Background

Field Study activities at Tamagawa University in Japan are activities needed by students of the UNIB FKIP Education Doctoral Program. Through Field Study activities, students and lecturers will gain knowledge, skills, values, and attitudes that can be used by students and lecturers to welcome the world of information and technology. In addition, field study activities are the practice of Comparative Educational Courses between Countries relating to education systems in other countries.

B. Basic

Based on the assignment letter from the Dean of the Faculty of Teacher Training and Education, Bengkulu University Number: 3353/UN30.7/KP/2019. Date: 5 July 2019 (Attached).

C. Purpose

1. To increase the knowledge, skills, values, and attitudes that must be possessed by lecturers and students.
2. To add insight regarding the advancement of knowledge and technology in the world outside universities, including at Tamagawa University.
3. Acquire knowledge related to customs and culture prevailing in Japan.
4. To get a view related to destinations in Japan.

D. Time

Date: 8 - 12 July 2019.

E. Place

At Tamagawa University Japan and the Indonesian Embassy in Tokyo
